BMS introduces *PowerBullet Extended*

Original PowerBullet 2.5"

PowerBullet Extended 3.5"

Toronto, Canada July 10, 2010 – BMS Factory is proud to introduce the newest member of the PowerBullet family – **PowerBullet Extended**. It incorporates all the best features of PowerBullet technology in one crafty little vibrator operating on a single AAA battery. This smart tool will be available in September, 2010. Please contact BMS Factory customer service to grab this gorgeous device to banish your autumn blues.

BMS Factory is appealing to customer demands for a sophisticated product built with simple operations. Finally BMS Factory has produced the **PowerBullet Extended** that fuels on AAA batteries. **PowerBullet Extended** is the new favorite because it is easy to assemble and has batteries that are accessible anywhere.

PowerBullet Extended will not disappoint you – it knows the important urgency customers have for adult novelty goods that work immediately and work effectively. The infamous cap easily twists on and off to make your wireless vibe completely waterproof and the notorious 3-speed control adds super-charged intensity to your sensations.

BMS Factory is adding variation to its newest creation. Coated in silky soft breeze and shiny UV materials, **PowerBullet Extended** appeals to everyone with its luscious array of colors. The suave vibrator conceals its naughty habits with its rounded bullet body, making this product a sexy addition to your collection of mysterious goods.

BMS Factory is always improving and reconstructing its products to create the most innovative and successful items available in the adult industry. **PowerBullet Extended** is another amazing masterpiece BMS Factory has created with its phenomenal team of creative engineers making sure that customers are continuously satisfied with PowerBullet technology.
